

Sunway City Medical Park

Sunway City is proposing to set up a world class medical park to offer specialist medical services. Studies have shown that a number of Zimbabweans and patients from the SADC Region are seeking services such as oncology and diagnostic treatment as far as India, East Asia and East Africa. About 10 hectares of land has been set aside within the High Tech Park for the medical park which will offer the following world class specialist medical services, among others; Oncology, Radiotherapy, Urology, Nephrology, Orthopaedics and Rehabilitation, ENT (Ear, Nose, and Throat), Ophthalmology and Acute Stroke treatment
